IMPORTANT NLN ASSESSMENT SERVICES UPDATES

Nursing Entrance Exam (NEX) Now Available!

NLN Assessment Services has launched a new assessment, the Nursing Entrance Exam (NEX). The NEX is intended for students seeking admission to a pre-licensure nursing program and is a battery of three computer-based tests administered in a single administration.

The NEX is made up of three sections, and there is a 60-minute time allotment for each section.

- The Verbal section has 58 questions on both word knowledge and reading comprehension.
- The Math section has 45 questions and covers numbers and operations, measurement conversions, algebra, and data and information.
- The Science section has 60 questions and covers biology, human anatomy, human physiology, chemistry, and health.

NEX Prep Materials, including study guides and practice exams, have been created for all content sections of the exam and are now available in the student store. Materials for each section include online content review materials, unlimited randomly generated online practice tests, and feedback reports for each practice test you take. Materials can be purchased by content area or as a bundle, and they are available for 90 days from the date of purchase. Students who have already purchased PAX Prep Materials do not need to purchase the new products unless they desire additional resources.
